DISTINCTIVE PACKAGING

THE "Look Mom" PACKAGES

This is Hubley's modern, "new family" of red and white candy-striped pistol boxes. We call them "Look Mom" packages because life-size photograph of the pistol and bright colors attract attention and establish identity immediately. End panels have a

bold, legible name and number. The design is standard for "family recognition" when displayed in mass. A big drawing on the back panel shows how to load caps.

The following Hubley Pistols for 1958 are boxed in these packages:

- No. 234 Hawk
- No. 237 Coyote
- No. 240 Trooper
- No. 245 Tex
- No. 250 Texan Jr.
- No. 251 Mountie
- No. 260 Pioneer
- No. 290 Automatic

THE "See-Through" PACKAGE

This is a special package of DuPont "Mylar" for sales appeal and durability on the counter. The package is "see-through", tamper proof, dust

proof. The colors are bright and attractive. The pistol can be seen and examined without handling. The boxes withstand rough handling and give unlimited shelf life under all kinds of temperature and humidity conditions without breakage. The pistol remains new and salable indefinitely.

The following Hubley Pistols for 1958 are boxed in these packages:

- No. 252 2-In-1
- No. 254 Deputy
- No. 277 Texan .38

* "Mylar" is a registered trademark of E. I. duPont de Nemours & Co. (Inc.).

NEW RACK ASSORTMENTS

Two assortments of popular items for more impulse buying. Hubley has designed these assortments for use on counter, shelf, or island displays. Each assortment is furnished complete with 1/2 dozen each of 4 carded pistols, total 2 dozen. Display cards carry the Hubley red and white candy striped design.

Racks are sturdy, heavy gauge wire, painted black. Won't tip when fully loaded on a level surface. Red and white lithographed banner is a part of rack.

Assortments are packed ready for use—no assembling necessary.

No. 173 RACK ASSORTMENT

Consists of 1/2 dozen each of the following pistols mounted on wire display rack. Banner included.

- No. 216 Chief
- No. 234 Hawk
- No. 240 Trooper
- No. 250 Texan Jr.

Sold as a complete unit only, as described above. No substitutions.

Packed: One wire rack display complete with 2 dozen pistols packed in a carton.

Weight: 16 lbs. per carton.

No. 174 RACK ASSORTMENT

★ "SOFTONE" Edging

On many sets, the edges have been cunningly colored by hand in a contrasting color to add a new dimension. The color is applied most intensely at the very edge and blends into the center of the pieces in a soft, subtle manner, hence, "SOFTONE".

★ Luxurious "COLORTONE"

Colors are applied by hand in this striking process to add an extra interest. Soft yellows and warm browns are used to accent the exquisite detail of Hubley's deep, rich tooling.

★ ADJUSTING BAR

A very simple method of belt adjustment. Hold the inside of belt in one hand; lift the outside part, pulling studs of the Adjustment Bar out of the holes. Move to desired holes and re-engage by pressing firmly.
